DISTINGUISHING FEATURES OF THE CLASS:

Water Treatment Plant Operator/Trainee: This is routine but important work involving responsibility during a shift for the efficient operation and maintenance of a water treatment plant with facilities for the application of chemicals to the water, such as chlorine or chlorine compounds, chlorine-dioxide, chlorine-ammonia, fluoride compounds, or the process of de-chlorination or similar process. The work is performed under general supervision of an operator qualified to be in charge of the complete and actual operation of the water treatment plant. Supervision may be exercised over subordinate employees in the performance of their assigned duties. Does related work as required.

Trainees: Employees are required to complete the training and experience requirements of the New York State Sanitary Code for a certificate appropriate to the plant and will be advanced to the operator level without further examination upon satisfactory completion of the certificate requirements.

Wastewater Treatment Plant Operator/Trainee: This is routine but important work involving responsibility, during a shift, for the efficient operation and maintenance of a Wastewater Treatment Plant with facilities for chemical precipitation, sludge digestion, sludge de-watering, ultimate sludge disposal, activated sludge, stabilization or oxidation process or any other biological oxidation process. The work is performed under the general supervision of a certified operator, qualified to be in charge of the complete and actual operation of the plant. Supervision may be exercised over motor equipment operators or other treatment plant employees. Does related work as required.

Trainees: The term of appointment is dependent upon the complexity of the treatment plant operations as regulated by the New York State Department of Environmental Conservation (DEC) in Part 650 of the New York Code of Rule and Regulations. Upon satisfactory completion of the training and experience requirements as defined by the DEC, and receipt of the appropriate Operator Certification, the trainee receives permanent appointment as a Wastewater Treatment Plant Operator without additional examination. Work is performed under the immediate supervision of an appropriately certified operator. Operator traineeships are limited to one year except for positions evolving into Grade 3, 3A, 4 or 4A Operators, where the experience requirement is eighteen (18) months and twenty-four (24) months respectively.

ELIGIBLE LISTS:

Successful candidates will have their names placed on the eligible list in order of their final score. Candidate scores from different testing dates will be interfiled on the eligible list. A candidate's eligibility for appointment begins on the date their name is added to the eligible list and they will remain eligible for appointment for one (1) year from the date, unless their eligibility is extended by the Personnel Officer as provided for in Civil Service Law. Appointments from an eligible list must be made from the three highest standing candidates willing to accept appointment.
